

# VULNERABLE SITES / PEOPLE

In the event of an emergency immediate consideration must be given to;

- The old and the young
- The infirm or ill (N.B. Dangers from hypothermia)
- Those with a medical condition (e.g. dialysis patients, oxygen supplies, medicine supplies, etc.)
- Geographical isolation (e.g. remote homesteads)
- Those in imminent danger from damaged buildings or utilities. (e.g. fallen trees & power lines, flooding, fractured water and gas pipes, sewerage contamination, etc.)
- The homeless

The precise situation will need to be ascertained across the Parish as quickly as possible.
